

速能化工貿易有限公司 ULTRA ENERGY ADHESIVE TRADING CO. LTD.

香港九龍灣常悅道 20 號環球工商大廈 10 樓 9 室 Room 9, 10/F. International Plaza, 20 Sheung Yuet Road, Kowloon Bay, H.K. Tel: 852-2751 8880 Fax: 852-2795 1625 Web Site: <u>www.uea.com.hk</u> E-mail: <u>info@uea.com.hk</u>

# MATERIAL SAFETY DATA SHEET

# W1002A/B

### A. Manufacturer or Supplier Information

| Manufacturer / Supplier : | ULTRA ENERGY ADHESIVE TRADING CO LTD    |
|---------------------------|---|
| Manufacturer / Supplier : | ROOM 9, 10/F., INTERNATIONAL PLAZA,     |
|                           | 20 SHEUNG YUET ROAD, KOWLOON BAY, H. K. |
| Tel. :                    | 852-2751 8880                           |
| Fax :                     | 852-2795 1625                           |

## B. Ingredients Information

| Material Name        | : Epoxy Resin                                       |     |
|----------------------|---|-----|
| Product Item No.     | : W1002A  |     |
| Name                 | Chemical Formula                                    |     |
| 1) Bisphenol A Epoxy | $C_2H_3O-[C_{18}H_{20}O_3]nC_{15}H_{14}O_2-C_2H_3O$ | 90% |
| Resin                |   |     |
| 2) Additive          | $H_2NC_3H_6Si(OC_2H_5)_3$                           | 10% |

| Material Name    | : Hardener          |     |
|------------------|---------------------|-----|
| Product Item No. | : W1002B            |     |
| Name             | Chemical Formula    |     |
| 1) Polyamine     | $C_{36}H_{64}O_{4}$ | 97% |
| 2) Accelerator   | $C_6H_{10}N_2$      | 3%  |

### C. Physical & Chemical Characteristics

| Material Sharp                         | : | Liquid      |
|--|---|-------------|
| Boiling Point (℃)                      | : | N/A         |
| Vapor Density (Air=1)                  | : | N/A         |
| Volatile Speed (Heteroauxin Nitrite=1) | : | N/A         |
| PH Value                               | : | N/A         |
| Appearance                             | : | Clear       |
| Odor                                   | : | N/A         |
| Vapor Pressure (mmHg)                  | : | N/A         |
| Weight Ratio (Water=1)                 | : | 1.11 - 1.13 |
| Solubility                             | : | N/A         |
|  |   |             |

<sup>\*\*</sup> All the information is provided on the basic in good faith, and is believed to be trustworthy but is for reference only. Adhesion is very complicated and the result of it is much dependent on the surface material, additives, releasing agents of the substrates and user's methods. UEA and its agents, dealers, distributors, directors and employees cannot accept any liability for the results whatsoever arising from the use of UEA's products due that the utilization of these products is simply out of UEA's control. The users are responsible for selecting the suitability of the products and methods of use.

# D. Fire & Explosion Information

| Flash Point    |                                  | : | f > 140℃                                 |
|----------------|----------------------------------|---|--|
| Testing Method |                                  | : | Cup Open                                 |
| Fire Fighting  | Extinguishing Material           |   | 1211, Dry Power, Carbon<br>Dioxide, Foam |
|                | Special Extinguishing<br>Process | : | N/A                                      |
| -              | Explosive Upper Limit (UEL)      | : | N/A%                                     |
| Properties     | Explosive Lower Limit (LEL)      | : | N/A%                                     |

# E. Stability & Reactivity

| Stability       | Stable 🗹             | Condition to Avoid : N/A |
|-----------------|----------------------|--------------------------|
|                 | Unstable 🛛           | Hazardous Decomposition  |
|                 |                      | Substance : N/A          |
| Danger          | May Happen 🛛         | Condition to Avoid : N/A |
| Combination     | Not Happen 🗹         |                          |
| Incompatibility | Materials to Avoid : | N/A                      |

### F. Hazards & First Aid Measure

| The way get in<br>Human Body       | Inhale ☑<br>Skin Contact ☑<br>Ingestion ☑  |
|------------------------------------|--|
| Urgent<br>Treatment &<br>First Aid | <ul> <li>Acute:</li> <li>Inhale - Vapor stimulates respiratory system, cause throw up and lost appetite.</li> <li>Skin Contact - Cause slight stimulus.</li> <li>Eye Contact - Cause slight stimulus.</li> <li>Ingestion - Cause throws up and lost appetite.</li> <li>1. After inhale vapor move the victim to air fresh area.</li> <li>2. Stop breathes, give artificial respiration.</li> <li>3. Contact with eyes, open the eyelids immediate and flush with water for move than 15 minutes.</li> <li>4. Contact with skin, rinse with soap and water.</li> <li>5. In case the victim is unconscious or convulsion, don't feed anything, don't force to throw up, give the victim 300ML water to dilute the stuff in stomach if the victim throw up naturally, move the body forward to avoid sucking in the throw up stuff.</li> <li>6. Seek medical advice immediately.</li> </ul> |

# MATERIAL SAFETY DATA SHEET

#### G. Exposure Precaution

| Personal Protection | Eye : Chemical safety protective flasses, eye -               |  |  |
|---------------------|---|--|--|
| Equipment           | washing facilities.   |  |  |
|                     | Breathe : Organic vapor filler can or poison filler           |  |  |
|                     | protective facilities.  |  |  |
|                     | Glove : General plastic glove.                                |  |  |
|                     | Others : Above mentioned plastic material shoe.               |  |  |
| Ventilation         | Have and keep air circulation.                                |  |  |
| Operation and       | 1. Keep the vessel sealed tightly.                            |  |  |
| Storage             | 2. Store in cool place, keep away from fire & heat.           |  |  |
| Precaution          | 3. Smoking should be forbidden in storing and                 |  |  |
|                     | operating areas.  |  |  |
| Hygienic Measures   | 1. Wear face, glove protection, protective clothing and shoe. |  |  |
|                     | 2. Again or throw away clothing after washing.                |  |  |
|                     | Inform workers who wash clothing about the                    |  |  |
|                     | danger of contaminated cloth.                                 |  |  |
|                     | 3. No smoking or eating in working area.                      |  |  |
|                     | 4. Wash hands thoroughly after handling.                      |  |  |
|                     | 5. Maintain well internal management.                         |  |  |

### H. Leakage & Disposal Handling

| Leakage  | 1. Provide suitable protective facilities and  |  |  |
|----------|--|--|--|
|          | ventilation system.                            |  |  |
|          | 2. Move away heat, fire.                       |  |  |
|          | 3. Use sand or other insert barriers.          |  |  |
|          | 4. Avoid methanol entering into drain or other |  |  |
|          | scaled area.                                   |  |  |
|          | 5. Maintain well internal management.          |  |  |
| Disposal | Burn and bury safely according to the local    |  |  |
|          | regulations                                    |  |  |

### I. Transportation

| UN. NO.               | : | N/A |
|-----------------------|---|-----|
| Hazard Classification | : | N/A |
| Hazard labels         | : | N/A |
